

Electric Compact Router

6-8mm-710W

7108

- Professional high-power 710W motor ensures outstanding functionality to handle a wide range of woodworking applications
- High-speed efficient machine delivers up to 30,000 RPM for the fastest and cleanest cuts even on the tough hardwoods
- Variable speed setting from 10,000 to 30,000 RPM
- no-load of speed enables working at customized speeds in order to adapt to different kinds of applications
- Precision cutting depth adjustment mechanism ensures quick and accurate height adjustments
- Three-level stop to preselect up to 3 different routing depths in order to perform various applications
- Two kinds of collet chuck capacity (6mm&8mm) enables different operations
- High durability and accuracy obtained by using aluminum for body housing
- Aluminum die cast base plate plus durable steel springs ensures easy sliding and improves performance of depth adjustment
- Rubberized soft grip handles provides superior comfort, balance, and control even during extended jobs
- Replaceable, non-marring plastic base plate for protection of plunge base and smooth sliding on work surface
- Simple and efficient base lock system
- Suitable for a broad range of applications including precise bit plunging, edge forming, slot cutting, laminate trimming,...
- Spindle lock for easy and safe router bit change
- Light-weight ergonomic design for ideal handling and more convenient use

Model	7108
Power	710W
Voltage	220V
Frequency	50Hz
No-Load RPM	10,000-30,000 RPM
Collet Size	6mm-8mm

Weight	3kg
Height	200mm
Supplied in	Ronix color box
Includes	(2) Wrenches, (1) Collet sleeve,(1) Straight guide accessories
